

This year six performances aspire to the award.

The OFF Stream is a competition consisting of two stages. First, a few months before the festival, we announce a contest for the script and the submitted proposals we choose the most interesting to implement. They receive from us organizational and financial support (up to 10 thousand zlotys), so that in the second stage – during the Review – they may show the audience and the jury their performances.

The Toucan OFF Award – statuette and 10 thousand zlotys – goes to the best show chosen by the jury composed of:
